| Na    | me:    |                            | Sec:              | Roll No.:      | Date:           |              |
|-------|--------|----------------------------|-------------------|----------------|-----------------|--------------|
| Q1. T | Γick ( | $\sqrt{}$ ) the right answ | ver:              |                |                 |              |
|       | a)     | We live on                 |                   |                |                 |              |
|       |        | (i) Moon                   | (ii) Sun          | 1              | (iii) Earth     |              |
|       | b)     | Α                          | is pulled         | by animals.    |                 |              |
|       |        | (i) tonga                  | (ii) car          |                | (iii) bus       |              |
|       | c)     | Rivers and lakes           | are               | bodies.        |                 |              |
|       |        | (i) water                  | (ii) land         | d              | (iii) air       |              |
|       | d)     | We see stars dur           | ring the          |                |                 |              |
|       |        | (i) day                    | (ii) nig          | ht             | (iii) afternoor | n            |
|       | e)     | Scooter, motorcy           | cle, car and bus  | are means of _ |                 | _ transport. |
|       |        | (i) land                   | (ii) air          |                | (iii) water     |              |
|       |        |                            |                   |                |                 |              |
| Q2.   |        | te `T' for true and        |                   | the following  |                 |              |
|       | a)     | A school bus is a          | _                 |                | [ ]             |              |
|       | b)     | A rainbow is seen          |                   | day.           | [ ]             |              |
|       | c)     | It is dark at night        |                   |                | [ ]             |              |
|       | d)     | We should keep o           | _                 |                | [ ]             |              |
|       | e)     | Metro rail runs in         | villages.         |                | [ ]             |              |
| Q3.   | Ans    | wer the following          | j in brief:       |                |                 |              |
|       | a) V   | Which planet is calle      | ed the 'Blue Plan | et′?           |                 |              |
|       | Ans.   |                            |                   |                |                 |              |
|       | b) H   | low many planets a         | are there?        |                |                 |              |
|       | Ans.   | ·                          |                   |                |                 |              |
|       |        |                            |                   |                |                 |              |
|       | c) V   | What do we call me         | ans of transport? |                |                 |              |
|       | Ans.   |                            |                   |                |                 |              |

|      | a) School                                      |                        |
|------|--|------------------------|
|      | b) Doctor or hospital                          |                        |
|      | c) Friend's house                              |                        |
|      | d) Market or shopping mall                     |                        |
| Q 5. | Name two means of transp                       | ort for the following: |
|      | a) Land transport                              |                        |
|      | b) Air transport                               |                        |
|      |  |                        |
|      | c) Water transport                             |                        |
| Q 6. | c) Water transport  Draw, label and colour the |                        |

Q4. Name the means of transport that you use to go to the following places:
