

FACULTY

Teachers play a key role in the education and also in student's life. As per Pt. Madan Mohan Malviya ".....It lies largely in the teacher's hands to mould the mind of the child who is the father of the man." With this aim in mind, our school has recruited well qualified, trained and motivated teachers who act as guides and facilitators for the students.

They are well educated, intellectually alive and take keen interest in their job. Their great efforts result in physically fit, mentally alert, emotionally balanced spiritually sound students.
